RADIO/PAGER HOLDERS

**ALLEN
MULTI-PURPOSE HOLSTER**

•Molded foam construction •Attaches 2-ways: belt clip, snap-on belt loop •Holds: Cell phone, compact binoculars, GPS, camera, etc.

Order #	Mfg. #	Color	Sugg.Ret.
0626434	17333	Black	\$8.59

**UNCLE MIKE'S
LAMINATED RADIO CASES**

Constructed of a laminate of cordura nylon; waterproof closed-cell foam padding & smooth nylon lining. Paddle made of semi-rigid material that contours to hip. Suede-like, lightly padded nylon cover w/bound edges that helps anchor radio case inside trousers or skirt; solidly positions case. For use where radio is removed repeatedly, or where belt may not be worn. Fits belts up to 2-1/4". Shock cord retention straps that don't interfere with radio controls. Straps snap onto case fronts w/no wear, no-glare black snaps.

Order #	Mfg. #	Size	Sugg.Ret.
0622933	88984	4	\$34.95

**UNCLE MIKE'S
PAGER CASES**

Easy access & protection against pager damage or loss. Water-resistant cordura nylon case w/velcro flap. 2 sizes to fit most common pagers with or without belt clips attached. Belt loop fits belts up to 2-1/4". Black.

TUFFPLATE®

Zinc plated yellow chromate with Tuffplate™ has three times the corrosion resistance of the popular zinc plated trivalent chrome process, 30% greater resistance than powder coated finishes.

**DUTTON-LAINSON®
RATCHET WINCHES**

All 2-speed models have drive shaft arrangement that allows both high and low speed cranking from one side. Load matched gear ratios for easier cranking, hunting tooth gear system for more even wear and longer life. All ratchet winches will free-wheel when ratchet is disengaged. Reinforced arc-welded reels, embossed, reinforced bases; high carbon steel gears. "S" models (DL1100S & DL2500S) have 2" winch straps included. Cable clamp standard on 2-speed, heavy-duty models (cable not included). Heavy-duty steel handles have molded grips (quick attach handle standard on 2-speed models). Permanently lubricated bearings on all drive shafts. All models equipped w/slots in the reel for easy installation of winch straps. Powder-coated metallic copper bronze or zinc with Tuffplate®. Rated Capacity: based on direct line pull on the third layer of line on the drum. Capacity is reduced as line builds up on the drum. All units individually boxed. 5-year warranty. **Not for movement of human beings.**

**FULTON
WHEEL BEARING PROTECTORS**

The Bearing-Life unit is used in place of the wheel hub dust cap. Grease is added through a special fitting in the piston of the unit. The spring-loaded piston then holds pressure inside the hub. The grease, under pressure, prevents water, condensation or dirt from entering the hub. The danger of blowing the rear seal is eliminated by an automatic relief valve that limits the pressure in the hub.
