RANGEFINDERS

BARRETT®
BORS®
(BARRETT OPTICAL RANGING SYSTEM)
• An integrated ballistics computer that mounts directly on the riflescope & couples to the elevation knob • Couples with multiple systems’ elevation knobs (See barrett.net for compatibility) • Automatically gives the shooter the exact yardage at which a bullet will hit • Once the distance to the target has been estimated, the computer can be put into action by simply turning the elevation knob until the LCD displays the target’s range • Three internal sensors automatically calculate the ballistic solution • Compensates for temperature, change in barometric pressure & aiming at an upward or downward angle • Even determines if the rifle is canted • Kit includes the proprietary Barrett Ballistic Software (requires Windows XP or higher, and is not directly MAC OS compatible) that’s pre-programmed with a library selected by Barrett and a BORS data cable • Wt.: 13 oz. • Display: 2 lines, 12 character LCD • Battery Life: 30 hours minimum • Battery: CR-123 • 4 buttons

Order # Mfg. # Sugg.Ret. $599.00
0931668 202421

BUSHNELL®
ELITE® I MILE CONX
• Bluetooth wireless connectivity via CONX technology to create custom bullet trajectories • True horizontal distance out to 1000 yds. • 7x magnification • 2nd Gen. E.S.P. (Extreme. Speed. Precision.) provides up to 1/2 yd. accuracy & 1/10 yd. display precision • VSI (Variable Sight-in) • Rifle Mode provides bullet-drop/holdover in CM, IN, MOA & MIL. • BullsEye™ + Brush™ and Scan mode • Range: 5-1760 yards • Diopter adjustment • Compatible with magnetic attachment system • Fully waterproof • Built-in tripod mount • Posi-Thread™ battery door • RainGuard® HD

Order # Mfg. # Finish Sugg.Ret. $279.00
0936234 202208 Realtree Xtra
0931667 202442 Black

BUSHNELL®
SCOUT DX 1000
• 6x magnification • E.S.P. (Extreme. Speed. Precision.) provides up to 1/2 yard accuracy and 1/10th yard display precision • Built-in inclinometer provides ARC • ARC Bow Mode provides true horizontal distance out to 99 yards • ARC Rifle Mode provides bullet-drop/holdover in inches, MOA & MIL. • VSI (Variable Sight-in) • Bullseye, Brush and Scan mode • Range: 5-1000 yards • Diopter adjustment for crystal clear viewing • Fully waterproof • Compatible with magnetic attachment system • Posi-Thread™ battery door • Carry case, battery and neck strap included

Order # Mfg. # Finish Sugg.Ret. $319.00

### Bushnell

**G-Force® DX ARC™ Rangefinder**
- Rubber-armed metal housing
- 6x magnification
- VDT (Vivid Display Technology)
- 2nd generation E.S.P. (Extreme. Speed. Precision.)
- Provides up to 1/2 yard accuracy and 1/10-yard display precision
- VSI (Variable Sight-In)
- ARC Bow Mode provides true horizontal distance from 5-99 yards
- ARC Rifle Mode provides bullet-drop/holdover in CM, IN, MOA & MIL.
- Bullseye®, Brush™ and Scan mode
- Range: 5-1,300 yards diopter adjustment
- Compatible with magnetic attachment system
- Fully waterproof
- RainGuard® HD
- Built-in tripod
- Posi-Thread™ battery door
- Includes: carrying case, neck strap & 3V battery
- Length: 4"  
- Wt.: 6 oz.

### Leupold

**RX®-650 Rangefinder**
- Max. Range (in yards): 650 Reflective; 600 Trees; 757 Deer
- LCD display
- Scan mode
- Measurement readouts in yards or meters
- Circle reticle
- Diopter focus
- Rubberized grip & front cover
- Multi-coated lens system
- 6x magnification
- 366 ft. FOV at 1000 yds
- 100% waterproof
- Size: 3.6" x 2.9" x 1.4"  

### Bushnell

**Sport® 850**
- Extremely lightweight, rugged & compact design
- Bright, crystal clear optics even in low light
- Vertical configuration
- Range: 5-850 yds.
- Built-in rain & reflector targeting modes
- Battery life indicator
- Rainproof housing
- 4X magnification
- Compatible w/magnetic attachment system
- Anti-slip (non-glossy) sure-grip finish
- Post-Thread® battery door
- Includes carrying case, neck strap & 3V battery
- Length: 4"  
- Wt.: 6 oz.

### Leupold

**RX®-1200i TBR® Compact Digital Laser Rangefinder**
- Rugged construction machined aluminum body and frame
- Three reticle options: the Plus Point®, Duplex and Duplex with Plus Point™
- 6x magnification
- OLED (Organic Light Emitting Diode)
- DNA's (Digitally eNhanced Accuracy™) engine allows archers to obtain True Ballistic Range® (TBR) readings to 125 yards, displayed to the nearest tenth of a yard
- Rifle settings retain all TBR capabilities, with the addition of milliradian-based shot-correction data
- DNA's third generation signal processing significantly increases dependability on soft, non-reflective targets & provides superior ranging consistency regardless of target color
- Continuous range updates in scan mode keep you aware of your distance while scanning an area
- Waterproof
- Powered by CR2 lithium camera battery
- Battery power indicator
- Accurate ranges up to 1,200 yards on reflective targets
- Quick Set Menu is easy to set up and use in field
- Includes: Cordura® holster, battery and lanyard

### Leupold

**RX®-1200i Compact Digital Laser Rangefinder**
- Rugged, compact, & weatherproof
- 6x magnification
- Multi-coated lens system
- DNA's (Digitally eNhanced Accuracy™) engine allows archers to obtain True Ballistic Range® (TBR) readings to 125 yards, displayed to the nearest tenth of a yard
- Rifle settings retain all TBR capabilities, with the addition of milliradian-based shot-correction data
- DNA's third generation signal processing significantly increases dependability on soft, non-reflective targets & provides superior ranging consistency regardless of target color
- Smaller & brighter than previous rangefinders
- Only 4" long
- Multiple display-intensity settings
- Quick Set Menu uses on-screen prompts for intuitive & easy use in the field
- Selectable reticles
- Fast Focus eyepiece w/precision clicks
- Last target mode

### Leupold

**GX®-3i™ Golf Rangefinder**
- Rugged, compact, & weatherproof
- 6x magnification
- Multi-coated lens system
- DNA's (Digitally eNhanced Accuracy™) engine & advanced infrared laser provide faster measurements w/accuracy displayed to the nearest tenth of a yard
- Clicking diopter adjustment
- Exclusive PinHunter2 Laser Technology, 1-Touch Scan mode, Fog mode & (3) selectable aiming reticles consistently hunt down the pin in virtually all weather conditions
- Prism Lock™ technology affords unmatched accuracy by using highly reflective prisms already incorporated into many course features & pins
- Removable Smart Key™ adds the benefit of True Golf Range® (TGR®) & the Club Selector™
- TGR® provides ranging info matched to your personal hitting strength, the slope of the shot, & current conditions to accurately compensate for uphill shots that play long & downhill shots that play short
- The Club Selector™ combines your specific hitting strength & TGR® to the target, automatically recommending the appropriate club for each shot
- Simply input the distance obtained w/(3) specific clubs
- Permitted when Local Rule is in effect (See USGA Decision 14-3/0.5)
- Includes Cordura case & fold-down rubber eyecups
- Size: 4.2" x 3.0" x 1.4"  
- Wt.: 7.9 oz.

### Leupold

**G-FORCE® DX ARC™ Rangefinder**
- Rubber-armed metal housing
- 6x magnification
- VDT (Vivid Display Technology)
- 2nd generation E.S.P. (Extreme. Speed. Precision.)
- Provides up to 1/2 yard accuracy and 1/10-yard display precision
- VSI (Variable Sight-In)
- ARC Bow Mode provides true horizontal distance from 5-99 yards
- ARC Rifle Mode provides bullet-drop/holdover in CM, IN, MOA & MIL.
- Bullseye®, Brush™ and Scan mode
- Range: 5-1,300 yards diopter adjustment
- Compatible with magnetic attachment system
- Fully waterproof
- RainGuard® HD
- Built-in tripod
- Posi-Thread™ battery door
- Includes: carrying case, neck strap & 3V battery
- Length: 4"  
- Wt.: 6 oz.
NIKON® ARROW id 5000 LASER RANGEFINDER
- Ultra-compact & user-friendly • Single-button operation • 6x magnification • Multicoated optics • Angular FOV: 7.5° (real); 43° (apparent)
- Tru-Target Priority System allows users to choose between two different ranging modes depending on the situation • First Target Priority Mode provides the exact distance to the closest object among a group of targets being measured • Distant Target Priority Mode displays the range of the farthest target among a group of targets measured • Hyper Read technology provides quick & stable measurement response regardless of distance • Single or continuous measurement (up to 8 seconds) • Long eye relief • Compact, lightweight & ergonomic design • High-quality 6x monocular w/multilayer coating for bright, clear images • Large ocular for easy viewing (18mm) • Wide FOV (7.5°) • Exit pupil 3.5mm • Waterproof/Fogproof (except battery chamber) • Rubber- armored
Order #  Mfg. #  Finish Sugg.Ret.
0932007  8328 Black $279.95

NIKON® ACULON RANGEFINDER
- Waterproof, ultra-compact (pocket-size) 6x25mm rangefinder programmed in Distant Target Priority Mode (displays the range of the furthest target amongst a group of targets measured) • Single-button operation • Delivers accurate reading from 6 to 550 yds. • Long eye relief (16.7mm) • Multilayer coated optics for bright & clear images • Easy-to-read measurements display in 1 yd. increments • Size (LxWxH): 2.9” x 1.5” x 2.8” • Wt.: 6.2 ounces (w/out batteries)
Order #  Mfg. #  Finish Sugg.Ret.
0936214  16209 Black $350.00

NIKON® TEAM REALTREE® MODEL
- 6-1300-yard ranging capability • Advanced ID (Incline/Decline) Technology provides the horizontal distance to the target, even when ranging at various incline or decline shooting angles—up to an incredible +/- 90° (nearly vertical up or down) • True-Target Technology enables users to choose between two different ranging modes depending on the situation • First Target Priority Mode provides the exact distance to the closest object among a group of targets being measured • Distant Target Priority Mode displays the range of the farthest target among a group of targets measured • Hyper Read technology provides quick & stable measurement response regardless of distance • Single or continuous measurement (up to 8 seconds) • Long eye relief • Compact, lightweight & ergonomic design • High-quality 6x monocular w/multilayer coating for bright, clear images • Large ocular for easy viewing (18mm) • Wide FOV (7.5°) • Exit pupil 3.5mm • Waterproof/Fogproof (except battery chamber) • Rubber- armored
Order #  Mfg. #  Finish Sugg.Ret.
0931132  8387 Black $299.95
0931132  8398 Realtree Xtra Green™ $189.95

NIKON® RIFLEHUNTER 1000 LASER RANGEFINDER
- ID (Incline/Decline) Technology • Slim, designed for one-hand operation • Tru Target Technology • Waterproof/fogproof construction (except battery chamber) • CR2 Lithium battery • Bright, multicoated optics • Quickly ranges to 550/1000 yards • Features an ocular that is 28% larger (18mm) to provide an even faster view • Active Brightness Control Viewfinder detects the brightness of the target and automatically adjusts the reticle either to grey LCD or orange LED for maximized visibility and contrast • 1-yard/meter increments out to 999.9 yards
Order #  Mfg. #  Finish Sugg.Ret.
0930663  8389 Realtree APG 249.95
0921792  8387 Black $449.95
0930662  8388 Black/Grey $229.95

NIKON® PROSTAFF® 7 LASER RANGEFINDER
- 6x power • True 600-yard ranging capability • Long eye relief • Single button operation • Ultra-compact size • Waterproof & fogproof • Multicoated optics • Tru-Target™ Priority System • ID (Incline/Decline) Technology • Unique selectable display • Black & orange
Order #  Mfg. #  Finish Sugg.Ret.
0931132  8395 Black $299.95
0936214  16209 Black $350.00

NIKON® PROSTAFF® 5 LASER RANGEFINDERS
- Ultra-compact sized rangefinder features true 600 yd. ranging capability • 6x power • Tru-Target™ ranging system provides flexible ranging mode capabilities for various hunting conditions & terrain • Easy-to-view, uncluttered LCD display for fast, easy ranging, even in bright sunlight • Bright, multicoated 6x optics w/proprietary anti-reflective coatings for high-resolution images in most lighting conditions • Single button operation • Automatically powers down after 8 secs. to reduce battery use • Carry in pocket, pack, or on belt • Waterproof/fogproof (except battery chamber)
Order #  Mfg. #  Finish Sugg.Ret.
0930662  8388 Black/Grey $229.95
0930663  8389 Realtree APG 249.95
### NIKON® PROSTAFF 3i LASER RANGEFINDER
- Employs ID (incline/decline) Technology, which displays horizontal & actual distance.
- Target Priority Switch System: First Target Priority mode displays distance of closest subject; Distant Target Priority mode displays distance of farthest subject.
- Compact, easy-to-hold, ergonomic body.
- Single press & release of the POWER ON/Measurement button quickly displays measurement results; keeping the button pressed gives you continuous measurement for up to 8 secs., effective on moving target.
- High-quality 6x monocular w/multilayer coating for bright, clear images.
- Large, 18mm ocular.
- Wide FOV (7.5°).
- Long eye relief design (eyeglass friendly).
- Measurement Range: 8-650 yards.
- Distance Display (increment): Every 0.1m/yd.
- Diopter adjustment function.
- Wide Temp. Tolerance: -10°C to +50°C.
- Rainproof - JIS/IEC protection class 4 (IPX4) equivalent.
- Requires (1) CR2 lithium battery.
- Size(LxHxW): 4.4” x 2.7” x 1.4”.
- Wt.: 5.6 oz.

### REDFIELD® RAIDER™ 600 RANGEFINDER
- Compact.
- Pressing one button ranges your target instantly, scans the landscape, returning ranges for various landmarks or game.
- High speed, digital processor & powerful laser combine delivers instant, accurate ranging in the field.
- Less than 5” long & under 5 oz.
- Runs on (1) CR-2 battery.
- 6x magnification.
- Fully multi-coated lenses.
- Includes belt case.

**NOTE:** Raider™ 600A has built-in Inclinometer.

### SIMMONS® VOLT 600 AND VOLT 600 TILT
- 4x magnification allows precise ranging.
- 600-yard ranging performance for bow and gun hunting.
- +/- 1-yard accuracy.
- Tilt version provides line of sight and true horizontal distance.
- Simple one-button operation.
- 9-Volt battery.
- Measures distance in yards or meters.

### WILDGAME INNOVATIONS® HALO® BALLISTIX™ RANGEFINDERS
- Ergonomic design laser rangefinder.
- AI™ Technology accounts for slope to the target.
- 6x magnification.
- Scan mode allows for constant ranging.
- Precise to +/- 1 yard.
- Trigger fast readings.
- Water-resistant.
- Uses 1 CR2 Lithium Ion battery.
- Premium nylon case included.
- 1-year limited warranty.

**BUSHNELL® BACKTRACK™ D-TOUR**
- Provides simple distance & direction back to your origination at the push of a button
- Allows you to mark 5 separate points & tells you the distance and direction of how to return
- Mark the spot of your car in a crowded parking lot, your campsite, your hiking trails, & find your way back to your hotel in an unfamiliar city or tree stand at your favorite hunting property
- Includes a built-in digital compass
- Built-in accelerometer allows for tilted holding not standard of any common compass
- Allows you to track your current latitude & longitude
- Rugged water resistant exterior with an international protection rating of IPX4
- Records up to 48 hours worth of hiking, biking, fishing & hunting information
- Self-setting clock
- Current temperature & altitude
- Use the mapping features from your D-TOUR software to upload your trip data & photos and share them via email or Facebook

**BUSHNELL® HUNTRACK™**
- Hunt-specific features
- Ability to accurately predict periods of peak game movement based on a variety of factors
- Plan your hunt w/times for sunrise, sunset, moonrise & moonset, as well as barometric pressure available as an independent data point
- Grayscale LCD
- Backlight
- Utilizes the latest digital technology
- Stores & locates up to 25 locations
- Logs up to 48 hours of trip data
- Includes time (military/civilian)/temperature (F° or C°)/altitude
- Distances in yards/miles or meters/kilometers
- Latitude & longitude coordinates
- Weather-resistant construction
- Operates on 3 AAA batteries
- 1-Year Limited Warranty
- Dim.: 3.54”Wx2.95”Hx.75”D

GARMIN®

GPSMAP® 64/64s/64st
- Features a 2.6-inch sunlight-readable color screen
- High-sensitivity GPS & GLONASS receiver w/quad helix antenna
- Built-in worldwide basemap w/shaded relief
- 250,000 preloaded caches for paperless caching from Gocaching.com
- Adding maps is easy - conveniently download TOPO 24K & 100K maps and hit the trail, plug in BlueChart® g2 preloaded cards for a great day on the water or City Navigator NT map data for turn-by-turn routing on roads
- Also supports BirdsEye® Satellite Imagery (subscription required), that lets you download satellite images to your device and integrate them with your maps
- High-sensitivity, WAAS-enabled GPS receiver & HotFix® satellite prediction, locates your position quickly & precisely and maintains its GPS location even in heavy cover & deep canyons
- Supports geocaching GPX files for downloading geocaches & details straight to your unit
- Lets you share your waypoints, tracks, routes and geocaches wirelessly with other compatible Garmin GPS devices
- One-of-a-kind dual battery system gives you the option of using the rechargeable lithium-ion pack or traditional AA batteries
- Waterproof to IPX7 standards

GARMIN®

GPSMAP® 78/78S/78SC
- Handheld, marine-friendly GPSMAP® 78 navigator comes standard w/2.6" LCD sunlight-readable color display that supports BirdsEye® Satellite Imagery (subscription required) & Custom Maps
- Floatable, rugged & waterproof design
- Features built-in basemap, built-in microSD card slot, high-sensitivity WAAS-enabled GPS receiver w/HotFix® & dedicated MOB (Man Over Board) button
- 1.7GB of onboard memory for downloading Garmin’s wide array of detailed maps
- Supports (paperless) geocaching GPX files for downloading geocaches & details straight to your unit
- Includes GPSMAP® unit, wrist strap, USB cable, & quick start manual
- WT: 7.7 ounces
- Power source: 2 - AA batteries (not included; NiMH or lithium recommended)
- Battery life: 20 hours
- Dimensions: 2.6"W x 6.0"H x 1.2"D
- NOTE: GPSMAP® 78s includes standard features w/addition of 3-axis tilt-compensated electronic compass, barometric altimeter, high speed USB interface & the ability to wirelessly share routes, tracks, waypoints, & geocaching between w/compatible units
- GPSMAP® 78SC includes standard features w/addition of preloaded BlueChart® g2 coastal charts and a worldwide basemap w/imagery, 3-axis tilt-compensated electronic compass, barometric altimeter, high speed USB interface, & the ability to wirelessly share routes, tracks, waypoints, & geocaching between w/compatible units

GARMIN®

MONTANA™ 650
- Uses map data to display your “full track view” so you know what you’re up against
- Logs everything (waypoints, tracks, caches, etc.) on your calendar so you can review (or brag) about your accomplishments later
- Changes to “night mode” automatically so your eyes stay focused even when the sun goes down
- Includes a QWERTY keyboard so you can find what you need and take notes faster
- Helps you keep your bearings straight by letting you lock your screen to keep it from shifting directions (portrait to landscape or vice versa)
- Includes a 5 MP camera; each photo automatically is geotagged with the location of where it was taken
- Includes a microSD™ card slot so you can load topographic maps (for the trail) or BlueChart® g2 preloaded cards (for the water)
- Also supports BirdsEye Satellite Imagery & Custom Maps shares waypoints, tracks, routes and geocaches wirelessly with other compatible Garmin GPS users
- Locates your position quickly & precisely and maintains it even in heavy cover & deep canyons
- Includes a built-in 3-axis tilt-compensated electronic compass and barometric altimeter
- Features a one-of-a-kind dual battery system; you can use the rechargeable lithium-ion pack or traditional AA batteries
- Supports geocaching GPX files for downloading geocaches & details straight to your unit
- Waterproof to IPX7 standards

**GARMIN® eTREX® 10**
- Retains the core functionality, rugged construction, affordability & long battery life that made eTrex the most dependable GPS device available
- Enhanced 2.2" monochrome display is easy to read in any lighting situation
- Durable & waterproof
- Supports geocaching GPX files for downloading geocaches & details straight to your unit
- Stores & displays key information, including location, terrain, difficulty, hints and description, which means no more manually entering coordinates
- High-sensitivity, WAAS-enabled GPS receiver & HotFix® satellite prediction, locates your position quickly & precisely and maintains its GPS location even in heavy cover & deep canyons
- First-ever consumer-grade receiver that can track both GPS & GLONASS satellites simultaneously
- When using GLONASS satellites, the time it takes for the receiver to "lock on" to a position is (on average) approximately 20% faster than using GPS
- And when using both GPS and GLONASS, the receiver has the ability to lock on to 24 more satellites than using GPS alone
- Uses 2 AA batteries (not included)
- Waterproof to IPX7 standards

Rangefinders, GPS & Radios

GARMIN®
NMEA 2000® NETWORK UPDATER
• Provides the convenience of updating Garmin® products & NMEA 2000 accessories that do not have an SD™ card slot
• Simply download the software update to an SD card & insert the card into the network updater • Using a simple plug & play installation, the network updater easily & temporarily connects to your NMEA 2000 network • Includes Network Updater & T-connector

GARMIN®
DELTA™ TRAINING SYSTEM
• Features 3-button handheld controller • Tone, vibration, momentary, or continuous stimulation modes • Easy-to-read LCD displays correction pattern & dog being trained • 3 correction configurations • Waterproof • Wt: 3.7 oz. • Range: 1/2 mi. • Rechargeable lithium-ion battery, up to 60 hrs per charge • In the box: Delta handheld, Delta dog device, Black 1.9 cm collar strap, charging clip, lanyard, USB cable, USB split cable, AC adapter, manual

GARMIN®
DELTA SPORT™ TRAINING SYSTEM
• Features an intuitive 3-button handheld controller unit • Tone, vibration, momentary, or continuous stimulation modes • Easy-to-read LCD displays correction pattern & dog being trained • 5 correction configurations • Train up to 3 dogs (w/ purchase of additional dog devices) • Built-in BarkLimiter • Wt.: 3.7 oz. • Range: 3/4 mi. • Rechargeable lithium-ion battery • Battery life: 60 hrs per charge • Waterproof & buoyant • 18 correction levels • 5 training configurations • In the box: Delta Sport Handheld, Delta dog device w/ built-in BarkLimiter™, Black 3/4” collar strap, charging clip, lanyard, USB cable, USB split cable, AC adapter, manual

GARMIN®
ASTRO® 320 GPS BASED DOG TRACKING SYSTEM
• Includes the redesigned Garmin® Astro® 320 - a full featured, premium handheld GPS device - and a DC™ 40 wireless receiver • 2.6” color display • Enhanced mapping • Improved, easy-to-use interface • Wireless unit-to-unit data transfer • Astro® 320: Supports TOPO U.S. 24K & 100K maps, BirdsEye® Satellite Imagery, City Navigator® and Garmin Custom Maps • Up to 30% increased range w/redesigned antenna (included) • Vibration alerts • 3- axis electronic compass • Customizable settings for dog tracklogs • Compatible with any Garmin DC™ series transmitter • DC™ 40: Integrated GPS antenna • Connects to any standard 1” collar • Improved charging contacts • Dog position updates every 5, 10, 30 or 120 seconds • Battery life of between 17-48 hours, depending on position & update rate • Collar Lock lets you create a 4-digit PIN number that prevents others from seeing your dog’s whereabouts • Sports an innovative LED-charging indicator that’s been redesigned to prevent clogging

GARMIN®
ASTRO™ GPS-BASED DOG TRACKING SYSTEM
• The Astro™ System is comprised of 2 components: Astro™ 220 handheld receiver and DC 40 dog-collar transmitter • Astro™ can track up to 10 dogs at once and has the ability to update dog’s position every 5 seconds • System can reach up to 5 miles in flat, unobstructed terrain • Astro™ 220 serves as a full-featured handheld GPS unit • It contains features such as a high-sensitivity GPS receiver, long battery life, a bright sunlight readable color display and a rugged IPX7 waterproof exterior • This unit also offers automatic routing w/turn-by-turn directions • Micro SD card slot so you can add preprogrammed data cards w/detailed maps such as TOPO®, Inland Lakes, BlueChart® and City Navigator® • DC 40 Collar: High-sensitivity GPS receiver & VHF antenna into an all-in-one transmitter that works w/Astro® 220. Durable, one-inch orange polyurethane collar that fits most e-collar receivers — eliminating the need to put two separate collars on a dog. Extend the battery life of the DC 40 by changing the position transmit rate from 5 to 10, 30, or 120 seconds, enabling the DC 40 to work up to 17-48 hours in the field on one charge.

GARMIN®
DELTA™/DELTA SPORT™ DOG DEVICE
• Train up to 3 dogs on 1 handheld device by adding more Delta dog collars • Compact, waterproof, & rugged • Integrated stainless steel contact points optimized for all dog breeds & all coat lengths • Includes built-in BarkLimiter™, which corrects unwanted barking through advanced bark correction technology • Uses long-lasting rechargeable lithium-ion batteries that last 3 months per charge • Compatible w/ all Garmin 3/4” collar straps

NORCROSS®
HAWKEYE® HANDHELD SONAR SYSTEM PX
• SideScan fish sonar • Algorithmic programming • Instant depth readings & updates at 60 MPH • English & metric calculations • Dry seal battery housing • Dual temperature readout (water or air) • Sure-Grip housing • Auto & manual readout modes • ShootThru Technology • Silver screen backlit LCD • Waterproof to 200’ • Floatable • Integrated wrist strap • Two-year warranty
